

About Catharina Ostrowski

Catharina Ostrowski is Vice President Customer Relations at [FEHRMANN Windows](#), a company of the [FEHRMANN Tech Group](#) and one of the world's leading providers of safety windows for maritime and other safety-critical applications.

After completing her apprenticeship as an Industrial Management Assistant and earning an Advanced Professional Qualification in Industrial Management (IHK), she spent more than 15 years in international sales, building and managing global partner networks. Since joining Fehrmann Windows in 2019, she has been responsible for expanding international customer relationships and supporting shipyards, shipping companies, and partners worldwide in delivering complex projects.

Her expertise focuses on the growing safety and quality requirements in the maritime industry, as well as the importance of trust, reliability, and long-term planning in international projects.
