

About Mahendran Reddy

Mahendran Reddy is Senior Vice President Global Ecosystems at [FEHRMANN Tech Group](#), where he drives international collaboration across industry, research, and technology to advance innovation in advanced materials, industrial artificial intelligence, and additive manufacturing. He also supports the growth of [FEHRMANN MaterialsX](#), Fehrmann's Industrial AI platform.

With more than 25 years of international experience spanning design, technology, innovation, and public-sector leadership, he specializes in building cross-disciplinary ecosystems that connect organizations, talent, and emerging technologies. Mahendran serves as Deputy Chairman of the Industrialized Additive Manufacturing Hub Hamburg (IAMHH) and as an Ambassador of the Artificial Intelligence Center Hamburg. He studied architecture at the National University of Singapore and holds a Master's degree from the Bartlett School of Architecture, University College London (UCL).
